& Invoice to

### Responsibilities & Undertakings

I understand that:

1. SRS® Alpacas Australia and its representatives will take all necessary care when collecting skin samples.
2. All follow up care and husbandry will be up to the breeder and/or their agents.
3. The resulting Breeding Assessment Report, associated test data and recommendations will be confidential between SRS® Alpacas Australia, their agents and the breeder, unless the breeder allows the release of any or all of the Breeding Assessment Report.
